

Mikołaj Zyzański

Senior React Native Developer

SUMMARY

- 4+ years of professional React Native development; promoted to Senior in 2025.
- Built and maintained mobile apps across the medical, aviation and fintech industries.
- Published 5 open-source React Native apps on the Google Play Store, totalling 100k+ downloads.
- Multiple-time speaker at React Native Warsaw (Maestro E2E testing; AI-assisted development with Claude Code).
- Cross-cultural experience, having lived and studied in 7 different countries; fluent in English and Polish.

EXPERIENCE

IG Group

Sep 2023 — Present

Senior Frontend Developer (Dec 2025 — Present), previously React Native Developer · Poland (Hybrid)

Helped build and launch **IG Invest**, a zero-commission stock & ETF investing app now live in the UK, using TypeScript, Redux Toolkit and Reanimated. Worked closely with product, design and stakeholders on planning, scoping and delivery, and acted as squad lead for a small mobile squad.

Iterators

Oct 2022 — Aug 2023

Junior React Native Developer · Warsaw (Remote)

Built frontend code for multiple client projects, supported clients with architectural knowledge, and liaised with product, design and development teams to ensure the quality of deliverables.

Cleeng

Jun 2021 — Oct 2021

Quality Assurance Intern

Spearheaded the development of an internal testing app, written in React Native, used to test in-app purchases on Android and iOS.

EDUCATION

Polish-Japanese Academy of Information Technology

Oct 2019 — Feb 2023

BSc Computer Science · Database specialization

Thesis: creation of an online multiplayer board game.

American School of Warsaw

2015 — 2018

International Baccalaureate (IB)

SELECTED PROJECTS

- **Lismova** — a pixel-art app for learning Belarusian (React Native, Expo, Skia). Solo project, launching soon.
- **Phasmophobia Companion** — companion app for the horror game Phasmophobia. 17,000+ downloads, many languages.
